

## California Transparency in Supply Chains Act of 2010

Eastern Fish's sourcing and purchasing practices comply with U.S. legal requirements regarding overseas labor. Eastern Fish is a Founding Member of the Global Aquaculture Alliance, the world leader in establishing and auditing responsible seafood sourcing policies. Eastern is proud that a majority of the aquaculture seafood items purchased are GAA-certified for quality, sustainability, and social responsibility. The goal will be to purchase from only BAP certified facilities for aquaculture products.
